

2011 EDIBLE CONTAINER PHOTO SHOW

Submit a photo of your container garden to an online edible container garden show and be eligible to win great garden prizes!

Toronto Balconies Bloom, Riverdale Food Working Group and Toronto Green Community are hosting this show to share the great small space gardens growing in Toronto and inspire the creativity of other gardeners. Anyone growing any kind of edible plants in a creative container is invited to participate.

Photo submissions will be posted online and will compete for garden prizes. Young gardeners can get involved too - there will be a category for best container grown by youth (under 18 years old). Winning submissions will be posted on the Toronto Balconies Bloom website and may be part of a photo exhibition afterward.

Want to participate? Here are the guidelines:

- 75% of the plant material must be edible. This can include edible flowers, vegetables, fruits and herbs.
- Containers must be recycled or handmade. See samples from our 2009 show <http://www.torontobalconiesbloom.ca/insproj.html#edible>.
- Maximum two photos per participant!
- Photos must be the property of contest participant.
- Photo must be in JPEG format and no larger than 250 KB.
- All submissions need to include entrant's contact email address, location of photograph and, if applying for youth category, year of birth.
- All submissions must be accompanied by a summary of up to 150 words that describes plants, materials used, and any relevant information.

Send your submission to TBBphotoshow@gmail.com by Friday, September 30, 2011.
