

## DO THE YOUTH IN YOUR LIFE HAVE PLANS THIS SUMMER?

Suggest they join us at Factory Theatre for our Youth Playbuilding Ensemble! They will meet new friends, develop creative skills and explore their interest in theatre – both on and offstage.

Factory Theatre, one of the first companies dedicated to developing diverse and new Canadian creators, is expanding our cultural hub this summer to include our community's youth. Like last summer, we are inviting local youth to participate in one of our 2-week "Playbuilding" courses that will draw on the diversity of youth experiences and focus on empowering their unique voices. Youth Playbuilding participants will learn from professional playwrights, directors, designers, technicians and actors as they build team skills, develop leadership and work collaboratively towards the creation of an original ensemble piece.
